Space - With Audio Level 3 Factfiles Oxford Bookworms Library Tim Vicary 2015-03-05 A level 3 Oxford Bookworms Library graded reader. This version includes an audio book: listen to the story as you read. Written for Learners of English by Tim Vicary. Is there anyone who has not looked at the dark sky, and the shining points of light above us, and asked themselves questions about what is out there? Where did our planet come from? When did the universe begin? Could we live on another planet? And one question above all - is there life anywhere else in space? Begin a journey into space - where spacecraft travel at thousands of kilometres an hour, temperatures are millions of degrees, and a planet may be hard rock - or a ball of gas. In space, everything is extraordinary . . .

Modern Greek for Classicists Ilias Kolokouris 2021-03-16 Ilias Kolokouris's Modern Greek for Classicists is a reading companion for those who have already had some exposure to the Greek world - be it a solid foundation in Ancient Greek, some knowledge of the Greek alphabet acquired while studying Latin, or even just a few set phrases memorized to communicate with locals during a trip to Greece. This book aims to build upon such foundations to expand access to the fascinating culture, literature, and society of Modern Greece. Modern Greek for Classicists is structured as a graded reader, with fictional narratives in Modern Greek, followed by comprehension and discussion questions designed to facilitate language acquisition. Each dialogue has a limited set of vocabulary, and the grammar moves from the more simple to the more complex. Animated videos accompany and expand upon the main story. How does this book teach Modern Greek? Incremental repetition and progressively more complex readings play a key role in our pedagogical approach. We believe that, when highly motivated learners are given confidence in their abilities and an environment with low levels of anxiety, they will be better equipped for success in second language acquisition. This is why we want each lesson to be a playful, enjoyable activity. Most importantly, this book is designed to feel yours. You can read it at your own pace, whenever and wherever you prefer, with whomever you wish. As you go on to use this book, you will notice that learning Modern Greek is both feasible and inspiring.
